BRAC University
Bangladesh

Beyond basic localization

- **Growing up:** Move beyond basic localization
 - Localized IT-enabled services (ITES)
 - *Value added content – mobile based bazaar*
 - Real backend applications
 - Livelihood impact (telecenters, kiosks, etc) - **JOBS**
 - Language focus (documentation and preservation for example)
 - Health, law, literacy, ...
- ***Not “localized” ICT, just ICT***

Emerging regional networks

- E-governance – PanGOV
- Law – South Asian Institute of Legal Studies (SAILS)
- Health
- ...
